Review Status Determinations

- *PEND* Additional information is being requested
- *1st Level Review* The review is currently being reviewed
- *2nd Level Review* If medical necessity cannot be made at 1st level review gets referred to a physician reviewer
- *Technical Denial* Non compliance or inconsistency with an Agency administrative policy review
- *Denial* Partial and full denials are based on medical necessity and ONLY done by 2nd level physician reviewer according to Florida law
- *Cancel* Duplicate request

Partial and full denials have Reconsideration (Recon) and Fair Hearing rights. Recipients or their parent/legal guardian need to be aware of this Due Process. There are time limitations for requests which are outlined in the denial letters.

Fee for Service (DRG)

Clinical Documentation

Important information regarding submitting your clinicals supporting documentation

- ✓ Provide supportive rationale for the day of the admission include presenting signs and symptoms and medication administration.

Examples:

**If the patient is admitted with shortness of breath provide the O2 sat*

**If the patient is admitted with chest pain, provide the troponin and EKG results*

**If the patient is admitted for electrolyte imbalance, provide the lab values*

- ✓ Provide the patients previous medical history that is relevant to the admission. For surgical admissions clarify if the request is for a pre-op day or day of surgery, if its is for the pre op explain the medical necessity for the pre-op day
- ✓ If the patient is being converted from observation to inpatient, please provide the supportive rationale for the day the patient is converted to inpatient.
- ✓ If the patient is being transferred , please state clearly what service the patient is being transferred for that are not available at the current facility.

Undocumented Non-Citizen

Services	Clinical submission should include	Claim paid as
▪Medical/Surgical	▪Daily clinicals for the entire length of stay	▪PER DIEM
Exceptions: Delivery Services	▪Daily clinicals for the entire length of stay	▪DRG

Note: If an undocumented citizen receives Medicaid during the stay, the STATE of eligibility at the admission will apply to the entire stay. A new case should not be submitted.

How to Improve your Undocumented Citizen Review Outcome

These reviews are for consideration of the clinical support of a life threatening emergency requiring acute admission and the determination of dates covered is through the stabilization of that emergency.

Clinical supporting documentation should include the following:

Relevant past medical history; the reason for admission to the hospital with focus on the emergent condition and all interventions delivered to relieve that emergent situation.

Daily supporting documentation should address the need for continued inpatient treatment. Include, at a minimum, interventions performed and medication administration. Documentation in the record of when the health care team identifies stabilization of the emergent condition occurs is helpful as the staff caring for the recipient has the most knowledge of the status of the recipient.

BBA Eligible

Services	Clinical submission should include	Claim paid as
<ul style="list-style-type: none">▪ Medical/Surgical▪ Acute IP Psych	<ul style="list-style-type: none">▪ Daily clinicals for the entire length of stay	<ul style="list-style-type: none">▪ DRG

- Prior Authorization review is required for adults age 21 and older who incur in an emergency admission and have exhausted their 45-day inpatient hospital benefit.
- If you submit a reconsideration on a BBA request this does not change the DRG payment.
- The “State of the recipients eligibility at the time of admission will apply to the entire stay.

Example: If a review is submitted with an admission date of May 1st and the stay crosses over the fiscal year you should NOT be entering a new review.

(Fiscal Year: July 1st-June 30th)

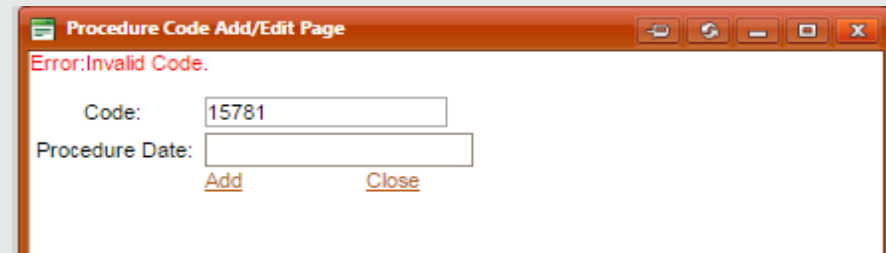

Other Services

TB (Provided by a designated provider)	SIPP (Statewide Inpatient Psychiatric Program)	Dialysis

CPT Codes vs ICD-10 PCS Codes

2017 ICD-10 PCS

- CMS Guidelines- ICD-10 PCS Codes (Procedure Coding System) should be entered in for Medicaid inpatient requests.
- Any attempts to enter a CPT Code on the Procedure Code Item tab for an Inpatient request will result in an **“Error: Invalid Code”** and no description of the code will appear.
- eQhealth **cannot** provide the code you should be using. You will need to research and choose the appropriate code for your request.

Resources to find the correct Procedure Code

1

- You can contact the scheduling Hospital directly to obtain the correct Procedure Code (HIM, Health Information Management or Scheduling Dept)

2

- You can reference the ICD 10 Data Website
<http://www.icd10data.com/ICD10PCS/Codes>

3

- You can reference the CMS Website
<https://www.cms.gov/Medicare/Coding/ICD10/2017-ICD-10-PCS-and-GEMs.html>

Authorization/Billing

Inpatient requests only receive 1 Prior Authorization number
(There is no longer a 120 day limit)

Both the Physician and the Hospital can bill using the same
Prior Authorization number, separate requests should not be
entered.

FLMMIS does not compare CPT codes vs PCS codes on
claims

eQHealth determination does not guarantee Medicaid payment
for services. Eligibility for and payment of Medicaid services
are subject to all terms and conditions and limitations of the
Medicaid program

Requirement and Exceptions

Recipients under the age of 21 require prior authorization for Bariatric Surgery, Hysterectomy, and Elective C Sections

All other elective scheduled surgeries for recipients under 21 do not require prior authorization.

FL Medicaid reimburses for emergency services (Including labor and delivery and dialysis services) provided to undocumented citizens who otherwise meet all eligibility requirements. Medicaid will not pay for continuous episodic services after the emergency has been alleviated

Important Things to remember

You are required to enter the entire length of stay

*Example: If the date of admission is 4/1/17 and the DC is 5/1/17 you should **not** be submitting for only partial days*

If you need to make changes to a review please contact our Customer Service Department

(i.e. Date changes, Cancellation)

Phone:855-444-3747

Authorization requests should be submitted with the date of admission. If a request is approved and there is no eligibility on that date a Prior Authorization Number will **NOT** generate.

***Note:** If a request is submitted to change the admission date clinical data must be submitted to support medical necessity for the new date.*
