

Selecting the Correct Service Type

When creating a new review. You will need to make sure you select the correct service type for your request.

Start

Review Type and Settings

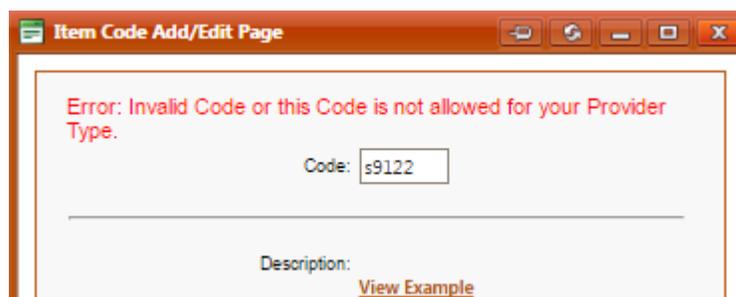

Provider ID: Provider Name:

Choose Service: Med/Surg Rehab Outpt Therapy Psych Outpt Diagnostic Imaging

Review Type: eQHealth Case #: PA#:

If you enter a CPT/Procedure code that does not match the service type you selected you will get an *Invalid Code, or this code is not allowed for your provider type*

Example: If you choose service “Med/Surg” but you enter an Imaging CPT code, you will get an error message.

Service Settings Examples:

- ▶ Physician Procedures: These are all outpatient surgical procedures on our Multispecialty list. You can find the list of codes that require prior authorization on our provider website fl.eqhs.org
- ▶ Med/Surg: You will select this option for all inpatient requests
- ▶ Outpatient Diagnostic Imaging: All imaging requests
- ▶ Home Health: Home Health Services
- ▶ PCS: Personal Care Services
