CARE COORDINATION WEBINAR

A series of webinars are scheduled to introduce providers to the Care Coordination process.

The “Introduction to Care Coordination” webinar is intended for all providers who currently provide services to children receiving Private Duty Nursing and/or Personal Care Services, including Home Health providers, PCS providers, therapy, DME, hospital discharge planners and ordering Primary Care and specialist physicians.

The “Care Coordination for Home Health Providers” webinar is intended for Home Health providers and includes more detail about the process relevant to Home Health providers.

The “Care Coordination for PCS Providers” webinar is intended for unlicensed PCS providers and includes more detail about the process relevant to unlicensed PCS providers.

If you choose to attend either the “Care Coordination for Home Health Providers” or the “Care Coordination for PCS Providers” webinar, it is not necessary to also attend the “Introduction to Care Coordination” webinar.

The webinars are scheduled for two hours. The presentation will take approximately one hour and the second hour is scheduled for questions and answers.
